Dear ECST-2 Investigators

We would like to inform you that our Trial Manager from the Dutch trial office, **Laurine van der Steen** will leave the Trial Management Committee at the end of August 2021.

We also would like to thank Laurine for her excellent work, support and confidence in ECST-2, it was a great pleasure to have her on board!

We are very pleased that **Simone Donners** from University Medical Center Utrecht (UMCU) will take over the trial management tasks of the 15 centres previously managed by Laurine.

Dear Simone, a warm welcome from the ECST-2 Management Committee!

Please address your questions from 01. September 2021 onwards to Simone Donners S.J.A.Donners-3@umcutrecht.nl, she will be happy to support you with all questions you might have in ECST-2.

With best regards of the Trial Management Team
