

**Dear ECST-2 Investigators**

It's our pleasure to send you **the January Newsletter of the ECST-2 Study.**

**Please ensure complete follow-up of all randomized patients and remember to perform the brain MRI at 2 years: this is essential for assessing the primary outcome measure for the pilot study and the plaque imaging sub-study.**

Reminder: all data return reports for the two-year follow-up have meanwhile been sent out to all the sites. Please answer the queries as soon as possible. We will now continue to check the completeness of baseline and additional follow-up data.

We would like to remind you to send all imaging on CDs to the Trial Office in London under the following address:

ECST-2 Trial Office  
Stroke Research Group  
Institute of Neurology, University College London  
Box 6  
National Hospital for Neurology and Neurosurgery  
Queen Square  
London  
WC1N 3BG  
United Kingdom

We are pleased to assist you with any question you might have.

Thank you very much for your hard work, invested in the study!

Best regards

Prof Leo Bonati, MD  
Co-Chief Investigator Basel

Marina Maurer  
Trial Manager (Basel office) ECST-2
